The Newmarket Era.

Newmarket, Friday, Feb. 7th, 1892.

General Summary.

Remember the Sabbath School Convention for York and Simcoe meets at Aurora on Tuesday and Wednesday next. Let every School send up Delegates.

Mr. Isaac Ross, of East Gwillimbury killed a hog, on the 24th ult., weighing 826 lbs. It was two years and four months old, and measured eight feet two inches in length. One hog to make four barrels of pork, is some grunter.

We call attention to an advertisement another column, announcing a free lecture on sacred music, in the U. S. S. Regum, by Mr. E. B. Everett. The system he teaches, we are given to understand, is really acquired, and is generally admired on account of its simplicity.

We understand the barn of Wm. Fitzmaurice, Esq., 2nd Con. of Whitechurch, was burglariously entered last Monday week, and several bags of wheat taken therefrom, together with a new Scoop Shovel. The parties went south; but as yet have not been identified. Farmers should take warning from this circumstance.

Rev. Dr. Evans lectures before the Institute in the Mechanics' Hall this evening. Subject, "The Revival of Literature in Europe." We make no doubt the attendance will be large, as it is only necessary to announce the name of the lecturer to induce many to turn out, not in the habit of doing so. Members and Ladies free; non-members, 10c. admission.

The By-Law for the Incorporation of the Village of Aurora has been quashed by the County Council for the present. Two reasons were assigned—1st That a large petition had been presented against it, and 2nd That the Council could not give. Secondly, because of some slight informality in procedure. As near as we can learn, a majority of the village is in favor of incorporation providing a clause be inserted in the Bill limiting the Assessment, similar to the Newmarket Incorporation Act.

The regular quarterly service in connection with the W. M. Church of this Circuit, will be held in the Chapel, Prospect St., to-morrow and Sabbath next. Business meeting to-morrow at 2 p.m. and Preaching on Sunday at 10 a.m. On the latter occasion Rev. Mr. Taylor (better known as the California Street Preacher) will conduct the service. Mr. Taylor has the reputation of being a man of more than ordinary talent, and well calculated to interest his hearers. The Sacrament will be administered at the close of the public service.

We learn that a daring burglary was committed in Newmarket on Monday night last. Some person or persons, yet unknown, entered the millinery store of Miss Maguire, and rifled the place of some \$300. It appears the criminals effected an entrance by breaking a large pane of glass in the front window and quietly removing the same. This evidence of plunderers in our midst should put people on their guard. We hope the authorities will lend a helping hand in endeavoring to ferret out the thieves.

Being in want of funds to meet our obligations, during the past week we have sent out accounts to the amount of some hundreds of dollars, and confidently hope those indebted will remit the sum due without delay; at least, do so in part, so that we may be able to prosecute our business with success. Our claims upon each are small, and can readily be paid;—and by so doing we will be relieved from anything like pecuniary loss or embarrassment. We are aware that many persons dislike to see their name in a newspaper; but no more so than an editor likes to give them. However, necessity knows no law, and we make this appeal in the full assurance that our patrons, on some of whom we have waited for years, will not take it amiss, but fork up the rhino with pride and satisfaction.

Midland Division.

The secret has at last been developed, and the nondescript print at Brownville has finally become a full-fledged battle in the interest of the Ministerial party in this Riding. He announces with the flourish of trumpets that a "Conservative Association" has been formed in the Division, with the redoubtable champion of "Conservative-Reform," "Liberal-Conservative," &c., &c., as its secretary. Of course they are going to turn the constituency inside out, and effect a general transmigration—the seventh wonder in about to be disclosed. True, the little scribe at Bow-Head a short time since, when the leader of the "Lambs" in Simcoe, tried to silence at once and forever his late opponent, has expended no small amount of jealousy; but now that a reconciliation has been effected and the little "family jar" quietly hushed, we presume the party address will be acknowledged as genuine, and transplanted forth as the Liberal-Reform-Conservative

platform, above which will be raised the standard of blindfolded ministerialism, and around which the "faithful" will be expected to rally.

But while our opponents are endeavoring to perfect some definite plan of operations—grating from one scheme to another, the Reformers of the Division are quietly, yet with the perfect assurance of success, pursuing the even tenor of their way, and calling together a properly organized Convention to select a Candidate to walk the course. Meetings will be held on Saturday, Feb. 15th, inst., at the hour of 2 p.m., at the following places:—

King—Kettleby Temperance Hall, Whitechurch—Pine Orchard Temperance Hall.

East Gwillimbury—Sharon Temperance Hall.

North Gwillimbury—Mr. Gager's Hall, Georgina—Sutton, Newmarket—North American Hotel, Holland Landing—Dale's Hotel.

When Delegates will be chosen to represent the respective Municipalities in the Convention—said Delegates to assemble at Bradford the following Tuesday, to select a candidate. From Simcoe, we are glad to learn the prospects are of the most encouraging character; and although it is expected the contest will be a spirited one, there is very little question, but that North York, with the assistance Simcoe will be able to render, the election of a sound Reformer is morally certain. This should not prevent the friends of the party, however, from availing themselves of every legitimate advantage presenting itself, so that the majority may be as large as possible, and the result a decisive one for all time to come.

Our Common School.

Now that our Common School is supplied with duly qualified teachers, and furnished with the necessary apparatus, it is to be hoped the parents and guardians of children attending the same will do their part to render the institution as efficient as possible. One great hindrance to success, is the apparent want of interest—the apathy of parents,—the want of forethought to send their children in time. This leads to a disarrangement of classes—causes disturbance in the school-room, and produces a diffidence—a lack of interest the reverse of commendable,—while at the same time regarding the progress of individual scholars not responsible for such neglect.

We are pleased to know that this matter has been brought under the consideration of the Board,—and from all we can learn, we are fully persuaded steps will be taken to remedy the evil, if the Trustees have to order the closing of the doors of the school-house against those more than ten or fifteen minutes after time. If parents would reflect for one moment on the annoyance and confusion it must produce in a large school like Newmarket can boast of, by the opening and closing of doors, &c., we are sure they would make an effort to send their children at the proper hour.

Neither the Teacher or the Board want to be considered as acting officiously or arbitrarily; but they have unitedly determined to make the school efficient, and it is to the interest of all concerned that it should be so. Every hindrance, therefore, to this desirable result must be removed; and now that the rate-bill is reduced to one York Shilling per month, there is nothing to prevent every child of school going age to acquire an education—thus benefitting themselves and the community amongst whom they may, in after life, cast their lot. We hope these gentle hints will be duly appreciated by the community; and while we have had special reference to the School in this village, the difficulty complained of will apply with equal force to quite a number of Schools in the surrounding country.

The Census.

The census returns are now complete, and furnish the following particulars with regard to the population, nationalities and religious. Western Canada contains 1,396,911 inhabitants,—of which 869,592 are native born; 191,231 are Irish; 114,299 are English; 93,792 are Scotch; 50,758 are Americans; 22,906 are Germans; 33,257 are French Canadians; 11,223 are Negroes, and the Indians are set down at 7,841: the balance belong to various other nationalities.

The principal religious denominations in Upper Canada are—Methodists, 341,675; Church of England, 311,685; Presbyterians, 305,384; and Romanists, 238,141. Methodism appears to be taking the lead, and is fast gaining the ascendancy in Western Canada.

The total population of Lower Canada is 1,110,604,—a large proportion being Romanists; but while they number 238,300 in Upper Canada, they have only one representative in the Assembly. This is accounted for chiefly by vast numbers of them not having a voice at our elections, and by their scattered position: thus rendering their power nugatory.

North Gwillimbury.

It will be recollected by our readers that at the first meeting of the above Township Council for 1892, one of the newly elected members, Mr. Henry, resigned his seat. An election to supply the vacancy took place on Friday and Saturday last. Messrs. Fry, Fairbairn and Henry were nominated; the contest, however, was simply between the two former,—and a close one it was. At the close of the poll, the votes stood thus:—

Fry 114
Fairbairn 105

Leaving a majority of 9 in favor of Mr. Fry, who was declared elected by the Returning Officer. This election caused more than usual interest and excitement, and will long be remembered in connection with the historical affairs of the Township. The next meeting of the Council takes place on the call of Mr. Reeve.

Congregational Missions.

The Annual Missionary Meeting in connection with the Congregational Church of this place, was held on Wednesday evening last. Mr. J. B. Caldwell, occupied the chair,—and on the platform were Rev. Mr. Dennis, Rev. Mr. Hay, and Rev. Mr. Mescham, B. A. (W. M.).

After the meeting was opened in the usual manner, by singing and prayer, the Chairman introduced Rev. Mr. HAY, who read the Annual Report and pointed out the connection existing between the Independent in England and Canada.—From the report we learn the Province is divided into four or five districts; and each district received aid from the Home Missionary Society to assist churches unable to support a Minister. Mr. Hay then related upon the rise and history of the church,—presented the prominent principles governing them as a body,—and concluded by pointing out the great duty of the church to assist in the promulgation of its cherished sentiments.

After singing an Anthem, by the Choir,—the Chairman introduced Rev. Mr. Mescham as the next speaker.

Rev. Mr. Mescham spoke at some length and urged the claims of the Missionary enterprise with a good deal of ability, by showing that in proportion as Canada became christianized,—she would rise or fall. If the one professed to love the Saviour—if those who named the name of Christ, but did their duty, a bright and glorious future in reserve for Canada. A great work was before them. Hundreds and thousands were now being attracted to our shores, bringing with them many of the vices of the old world, and including materialism and infidelity. It was their duty, if they sincerely believed the Word of God to put forth every effort, that Canada should be blessed with "that righteousness that exalteth a nation." His remarks were well received.

After the Choir had again delighted the audience with another appropriate piece of music, a Deputation from the Sabbath School in connection with the Church, came forward and presented the Chairman with a Missionary Box, stating the contents thereof had been collected for Missionary purposes. Applause.

Rev. Mr. Dennis returned the Deputation the salutations of the Church; and then spoke at some length—showing the position of the denomination in Canada. Twenty-five years ago they had but 4 Churches; they now had some 82.—Then, they only had three or four ministers, but now they had some 76.—together with about 6000 church members. He coincided with the remarks of Rev. Mr. Mescham, that the incultation of religious truth was Canada's hope; and concluded by urging personal holiness and practical Christianity.

A collection was then taken up,—after which a vote of thanks was tendered the Choir,—and the Deputation of children, and to the Chairman. The proceedings then terminated by the Rev. Mr. Mescham pronouncing the Benediction. The meeting was an interesting one,—and the choir, with Miss Smith presiding at the melodeon, contributed much to the enjoyment of the occasion.

Agricultural Convention.

From the report we publish elsewhere to-day, it will be seen the Agricultural Convention held in Toronto last week, was a decided success. Many of the changes proposed will prove, if carried into law, quite an improvement upon the old bill. For instance, heretofore it has been found almost a matter of impossibility to change the personnel of the Board of Agriculture; but by the contemplated alteration in the law, the number forming the Board, is increased to twelve, and those are all to be elected at the Annual Meeting during the Provincial Exhibition week, and at the same time the President and Vice-Presidents are chosen: elected, too, by a direct vote of the members of the Association. Here are two changes well calculated, in our opinion, to popularize the Board, as well as alter the present system of management.

Of course we have not given the *Globe* report in full, but only such portions as we deemed of special interest to the Agriculturists of the Riding. In the portion left out, however, the *Globe* puts Mr. Jackson as the mover of a certain resolution, placing 24 per cent of the Government Grant at the disposal of the Governor in Council. This is an error;—it should have been "Mr. Johnson." Mr. Jackson, as the Delegate from North York, both spoke and voted in favor of placing this amount at the disposal of the Board of Agriculture,—not, "Governor in Council,"—to be used as the old law contemplated.

Counties' Council.

We commend to the consideration of the Electors of Newmarket, and especially to the Reform Electors, the remarks and votes of the Reeve of this place, in the Counties' Council, on the Grand Trunk resolutions proposed for consideration and passage on Tuesday last. If the Reeve goes to that Board to represent himself, then he had a right to vote as he did; but if as the representative of the voice of Newmarket, he must have known he was not giving an honest expression of the public sentiment of his constituents. We wash our hands clear of this act, and beg respectfully to enter our protest against the course pursued as being in accordance with the public voice of Newmarket. These United Counties never borrowed from the Municipal Loan Fund—they are not responsible for the bad management of the Grand Trunk,—and its inhabitants should not now be called upon to bear the sin of either prelate Municipalities, Companies, or Governments; but should, on all occasions lift up their voice to prevent the consummation of an act calculated to increase taxation without a corresponding advantage.—Dr. Fyne to the contrary notwithstanding. We speak of this matter just now, lest it might be considered Newmarket had changed its public sentiments on the

Grand Trunk question, and abandoned its principles to suit the views of designing men. How the Reeve of Newmarket could speak and vote as he did, in view of the known political sentiments of the electors that placed him in his present position, we are at a loss to conjecture, and with them we leave him.

Board of School Trustees.

A regular meeting of the above Board was held at the Railroad Hotel on Monday evening last. All the members present.—Mr. Rhinehart in the chair.

Minutes of previous meeting read and confirmed.

The Chairman reported the new Teacher, Miss Gurnea, had arrived, and entered upon her duties.

Moved by Mr. Sutherland, seconded by Mr. Marsden, that the Secretary be instructed to draft the necessary agreements to be entered into between this Board and the respective Teachers.—Carried.

Accounts were presented from the *Globe* office for advertising; and also from James Hackett & Co. for lighting of Hall.

On motion of Mr. Sutherland, seconded by Mr. Sutherland, both accounts were ordered to be paid.

A discussion then arose about the propriety of introducing sewing and vocal music as branches to be taught at the School.

Moved by Mr. Sutherland, seconded by Mr. Marsden.—That the two Branches mentioned be introduced by the Teachers at the earliest possible moment.—Carried.

Moved by Mr. Sutherland, seconded by Mr. Marsden, that the Teacher be empowered to purchase four dozen Music Books (similar to those in use some time ago) for the use of the School.—to be held as School Property.

After considerable discussion, this motion was declared carried, and the Board adjourned.

[We may remark, that during the discussion above referred to, it was incidentally observed that a report was circulated to the effect that the instructor at the Common School, last year, cost \$25 per head. On a close analysis of the cost of the School for 1891 we are in a position to state it did not cost anything like half that amount.—Ed. Era.]

Holland Landing Council.

A regular meeting of the above Council was held at Croxon's Hotel, on Saturday last. Present—Messrs. McClure, McLeod, Lane and Bacon.

In the absence of the Reeve, who was attending the County Council, on motion of Mr. McLeod, Mr. McClure was called to the chair.

Minutes of previous meeting read and confirmed.

Communications were received from the Reeve, and also from Chief Justice Robinson,—the latter desiring the purchase of a certain road allowance on the west side of Yonge Street.

On motion of Mr. McLeod, seconded by Mr. Lane, said communications were laid over till next meeting.

The incidental bill of the Clerk for 1891; also from the Newmarket *Era* office, were presented,—and on motion of Mr. McLeod, seconded by Mr. Bacon, were ordered to be paid.

On motion of Mr. McLeod, seconded by Mr. Lane, the Clerk was instructed to advertise for Tenderers for collecting taxes for 1892, in the usual manner.

Mr. McLeod introduced a By-law to provide for making a grant to the Common School, so as to comply with the law, and thus secure the Government Grant, which was read a first time, and the Council went into Committee of the whole on the same.—Mr. McLeod in the chair.

In committee the blank for the amount to be granted was filled with \$110.

The Committee then rose, and the By-law received a third reading and was passed.

The Chairman brought under the notice of the Council the fact that Mr. Chapman having been an officer under the Corporation last year, was disqualified from acting as Auditor the current year.

On motion of Mr. McLeod, seconded by Mr. Bacon, Joseph Armstrong was appointed in the place of J. Chapman, disqualified.

The Council then adjourned.

Foreign & Colonial.

Arrival of the "Africa".

New York, Jan. 31.

The Royal mail steamship Africa, which sailed from Liverpool at 9:30 on the 17th, and arrived here on the 19th, arrived here this morning.

The Commissioners of Customs received orders to permit free exportation of all articles excepted from prohibition was recently issued.

It is reported that Earl Russell, in response to a memorial from the Liverpool Ship-Owners' Association relative to the same blockade at Charleston, said he sent a despatch in December warning the American Government against the ill-fitting which the proceeding would render, and that it would lead to the opinion that the reconstruction of the Union was hopeless.

After his design was carried out he sent another despatch, expressing strong hopes that it would not be repeated elsewhere.

It is rumored that the French and other Governments were taking similar steps.

The Minister of Foreign Affairs at the general conference of the act, and says it is among European Governments to be a common sentiment of indignation, and asks why more forbearance is shown America than was in the case when Belgium was recognized particularly.

Belgium was never guilty of such barbarism as have been committed by the Washington Cable.

The suspension of specie payments continued a theme of gloomy prognostications for the North.

The *Daily News* in reviewing Secretary Seward's recent despatch, says that although it contains much that is questionable in law, its main positions are certainly based on acknowledged legal principles.

More diplomatic correspondence has been published, including a letter from Secretary Seward, commending a strong tone from the fact that the captured British schooner *Java*.

Campbell was taken into New York with the British flag flying under that of the United States.

Another note condemns the act of an American steamer in attacking a schooner from three British seamen, captured for a breach of the blockade, and trusts that they would not undertake similar proceedings against seamen, and that the men captured will be relieved from the obligation of the oath.

It is reported that when Dayton submitted the names of twenty or thirty Americans to Theodore for presentation to the Emperor on New Year's day, the latter surprised as to the character of the Americans Dayton replied they were all eligible for presentation to the President of the United States. The result was that no Americans were at the reception.

Boose advancing 68.50.

In the Italian Parliament an interesting debate took place on the Roman question. Count Rissotto said the destinies of Italy were ripening.

Two American Missionaries, Mr. Parker and Mr. Holmes, were massacred by Chinese rebels near Chefoo.

Richardson's "Speeches" report floor rather firm, but still difficult to sell at Tuesday's reduction; quotations at 25s. a 32s. Wheat in good consumption and speculative demand, at an advance of 1d. a 3d. on Tuesday's rates; red Western 10s. a 11s. 4d.; Southern 12s. a 13s. 8d. Corn flour and clover with advancing tendency; mixed and yellow 81s. a 82s. 6d.; white 3s. a 3s. 6d.; York 4s. 6d. a 5s. 6d.; Lancashire nominal. Amber flat, at 36s. for pots; 35s. for pearls. Sugars quiet but steady.

London bread-stuffs under heavy arrivals of foreign wheat and flour, and a heavy reduction of 2s. a 3s., and wheat 6s. 6d. a 6s. 1s. without material change.

Latest via Queenstown.

London, Jan. 19.—The *Observer* suggests the expediency of the intervention of France and England between the Federals and Confederates, and says that such an act would be approved of by the whole world.

The *Persia* arrived at Liverpool on the 18th inst., and the *Magara* at Queenstown on the 19th.

The Spanish Government having ordered the *Sumpter* to leave Cadix, she has gone to Gibraltar.

Paris, Jan. 19.—The *Journal des Debats* thinks Lord Palmerston's intentions towards the United States are not peaceful.

The *London Standard* says that France will assist the arrival at Hayra, says no obstacle will be offered to the fulfilment of the mission in France and England, and they will be allowed to plead for the recognition of the South.

The *Press* says that the French Government will receive neither Mason, Sill, nor any other Southern Commissioners.

The *Pays* says that the Government of Ecuador had requested the mediation of England between that country and Peru England had accepted the office.

The *London Standard* says that France will assist the initiative in renouncing against the blockade of the Southern ports England will only afford her moral support.

It is reported that fresh negotiations had been opened between Austria and Hungary.

The *Moniteur* says that the parliament in England for the recognition of the South are increasing.

Liverpool Markets, Jan. 19.—Broad-stuff. Corn tending upwards. Provision dull.

Cotton for money, 83 a 93.

Arrival of the Nova Scotia.

Portland, Feb. 5.

The "Nova Scotia" arrived at 4 o'clock a.m. with Liverpool news (the morning of the 25th). The "New Brunswick" arrived at London on the morning of the 25th.

The *Paris* correspondent of the *Morning Post* says it is not true as some French journals represent, that the French Government has taken any step to bring about a reconciliation between the North and South.

A speech was delivered by Mr. Massé, member of Parliament, before his constituents at Salford, in which he advocated that the European powers should interfere to close the struggle by recognizing the Confederates, and breaking the blockade, at once.

The *Times*, in an editorial article on it, says, "If France interfere if she like, England's true policy is to suffer a little, and let the event work itself out; it will not be long. It may indeed be doubtful whether our interests are better served by our refusing to have the desired event of open ports, and a large supply of cotton. Let us then pursue our honest policy of standing quiet."

The *Manchester Guardian* argues in a somewhat similar strain, and as regards the cotton supply, says "it is a question how far that distress prevailing distress due to the civil war, and whether it is not as much attributable to previous over-production as to the mere dearth of cotton."

The factory statistics of Manchester show that the shutting down of the mills has led to a considerable extension, and in the course of a week or two the movement was expected to become much more general and extensive.

After strenuous exertions, success had been gained to part of Hartley coal mine, and about 100 of the 215 bonded miners had been discharged there. It was feared that the remainder of the miners would be found dead in another portion of the mine.

Commercial Intelligence.

Liverpool, Jan. 23.—Breadstuffs.—The weather has been cold for the last few days, but is milder to-day. Flour, a good opening, at 6s. 1s. per barrel higher; Western canal per 100 lbs. 12s. 6d. Mr. Wells, Wallis, Webb, and Walker, —16.

The main motion was carried by a vote of 16 to 14:—

YEAS:—Messrs. Barnhart, Ball, Crawford, Graham, Holborn, Hartley, Jeffrey, Munton, Musson, Barnham, Russell, Tyrrell, Wheeler, Wells, Wallis, and Webb. —16.

NAYS:—Messrs. Allen, Arnold, Button Barker, Ego, Hughes, Ilsona, Ironside, Lyne, Barker, Perdu, Vance, Wilson, and Walker. —14.

The Council then went into committee of the whole, Mr. Barnhart in the chair. Mr. Wallis moved:—

“That a select committee of five members be appointed to draft a petition to the Legislature, praying that no measure of relief be passed, having for its object the assumption by the Province of the debts of certain municipalities which have involved themselves in financial difficulties, and that said committee be composed of Messrs. Musson, Wells, Barker, Tyrrell, and the mover.”—Carried.

MAINTENANCE OF CITY PRISONERS.

The Council again went into committee of the whole, and adopted the following resolution, moved by Mr. Tyrrell, the latter clause being added on the suggestion of Mr. Musson:—

“Resolved:—That the Warden be instructed to proceed to Quebec at the proper time during the next session of the Legislature, and use his influence on behalf and in the name of this Council, with the Government, and especially with the members representing the several counties in those counties, to obtain a bill allowing the claim of this corporation against the Corporation of the city of Toronto, for the keep and maintenance of the city prisoners for the year 1887 and part of 1888, to be finally settled by arbitration, and that the Treasurer be, and he is hereby instructed to pay to the order of the Warden such sum or sums as he may find necessary to pay contingent expenses; and that the Warden be authorized to defray the expenses of such person or persons as he may find necessary to be brought before the Private Bills Committee.”

In substituting the above resolution, Mr. Tyrrell stated that the claim against the city amounted to about \$16 000, no part of which had yet been received.

VILLAGE OF AURORA.

A report was introduced to the effect that the Select Committee appointed to enquire into the petition of the Village of Aurora recommended the Council to pass the bill relating to the incorporation of the village of Aurora.

The report was adopted.

THE GEORGIAN BAY CANAL.

The Council went into committee of the whole on a petition from Mr. Rowland Burr, praying that the Council would petition Parliament to grant ten millions of acres of land for the construction of the Georgian Bay Canal.—Mr. Ego in the chair.

Mr. Graham moved that Mr. Burr be heard in support of the prayer of his petition at the bar of the Council.—Carried.

Mr. Burr proceeded to speak of the advantages to be derived from the construction of the canal. He stated he was speaking on the basis of the statements of the chairman of the committee to the fact that there was not a consensus of members present.

The Committee rose, and the Council adjourned till this morning at ten o'clock.—Aids.

Hay per ton 8 to \$10.
Coal—net 1.50 a 2c.

Diseases of the Liver.

You may always know when your liver is out of order, or when you are what is called bilious, by any of the following: dull pains in the side and back, dizziness, dull headache, a bad taste in the mouth in the morning, yellow color of complexion, yellow tinge to the eyes, bad-tastes, or distended or slaty dark eyes, loss of spirit and animal functions. It is acknowledged by all physicians and others who have seen their action, that Jernett's Liver and Kidney Pills are a perfect cure for all bilious affections. So pleasantly do they search out and drive away the seeds of disease that all persons feel glad in a country where Fever and Ague, and all other bilious diseases are prevalent, and they should not be without them. From two to three Pills each night on going to bed. All in a short time drive away the sickly yellow look of biliousness, and bring to their cheeks a beautiful glow of perfect health.

Jernett's Mountain Herb Pills are sold by all Dealers in Medicines.

SMITH.

In Newmarket, on the 4th inst. Mrs. Richard Freder of a daughter.

Winchester's

HYPOPHOSPHITES

(Dr. Churchill's Specific Remedy.)

FOR CONSUMPTION,

Nervous Debility, Scrofula, Dyspepsia, Bronchitis, &c.

THIS is the most wonderful curative agent known to medical science. It has effected cures in every stage of Consumption—UNPARALLELED IN THE ANNALS OF MEDICINE. In Nervous Debility and Dyspepsia, the HYPOPHOSPHITES may be regarded as an almost sovereign remedy.

THE HYPOPHOSPHITES

Have a two fold and specific action—on the one hand, increasing the principle which **CONSTITUTES NERVOUS ENERGY**; and, on the other hand, being the **MOST POWERFUL BLOOD GENERATING AGENTS KNOWN**. They act with promptness and certainly in all general morbid conditions, such as Chronic Bronchitis, Asthma, Scrofula, Marasmus, Anemia, Female Complaints, &c., and in all disorders of the Nervous or Blood Systems. Their effect upon the tubercular condition is **IMMEDIATE—all the general symptoms disappearing with a rapidity which is really marvellous.** They increase **mororous or vital energy**, relieve Cough, check Night Sweats, diminish Expectoration, improve the Appetite, arrest Diarrhoea, and promote refreshing sleep. **A FAIR TRIAL IS A CERTAIN CURE.**

WINCHESTER'S GENUINE PREPARATION OF THE HYPOPHOSPHITES is the only reliable form of Dr. Churchill's Remedy, and is approved by the Medical Profession generally. **USE NO OTHER, OR ANY REMEDY CONTAINING IRON.**

PRICES:—In 7oz. Bottles, 21/- Six bottles for 100/- In 16oz. Bottles, 32/- Three bottles for 100/- Circulars gratis. Sold by all respectable Druggists, and at the sole General Depot in the United States, by

J. WINCHESTER
36 John St., N. Y.

THE SPECIFIC PILL

A SPECIFIC REMEDY FOR
Spermatorrhoea, or Seminal Weakness, and Gravid Irregularity in either Sex.

THIS is the only remedy for Sexual Debility, Impotency, &c., which has the approval of the medical profession.—It is success has been most extraordinary—effecting cures in cases where all other methods of treatment had failed. On to the bottom for the **THE SPECIFIC PILL** will permanently cure any case of Seminal Weakness, or of the resulting Impotency, however aggravated, whether constitutional, or arising from abuse or excess.

IMPORTANT MEDICAL TESTIMONY.

"I have used your **SPECIFIC PILL** in many cases of Spermatorrhoea, and with the most perfect success."

J. MILTON SANDERS, M.D., LL.D.

"We believe it to be as near a 'Specific' as any medicine can be. We have treated many severe cases with it, and it does it."—**Dr. B. KEITH: American Journal of Med. Science.**

"I have found them all that could be desired. Their effect has been truly wonderful."—**E. P. DICKEY, M.D.**

THIS is not a Homoeopathic Remedy, nor does it contain any mercury or other deleterious ingredients combined with it.

PRICES:—21 per box; six boxes for \$5.50, mail, pre-paid. For sale at the sole general Depot in the United States, by

J. WINCHESTER
36 John St., N. Y.

99	259	100	248	101	237	102	226

In a case of extreme age a Policy of £500 was increased to £1125 12s.

LIFE ASSURANCE

as an investment is not for a few years, but on the average of lives, for upwards of twenty five years, therefore insurers should consider well the equities in which they thus embark their savings, to secure the future comfort and independence of their families.

The Canadian Board in Toronto has full power to accept risks, settle claims, and make investments in the country, without reference to the Head Office, Edinburgh. They have already invested in Canada large sums of money, consisting not only of the amounts reserved for the business of the office since its establishment in Toronto, but also of the funds sent out for that purpose by the Head Office, Edinburgh; they therefore can offer to the public the advantages of a Canadian as well as a British Company.

Money to invest at reduced rates of interest.
